SELF EXISTENT

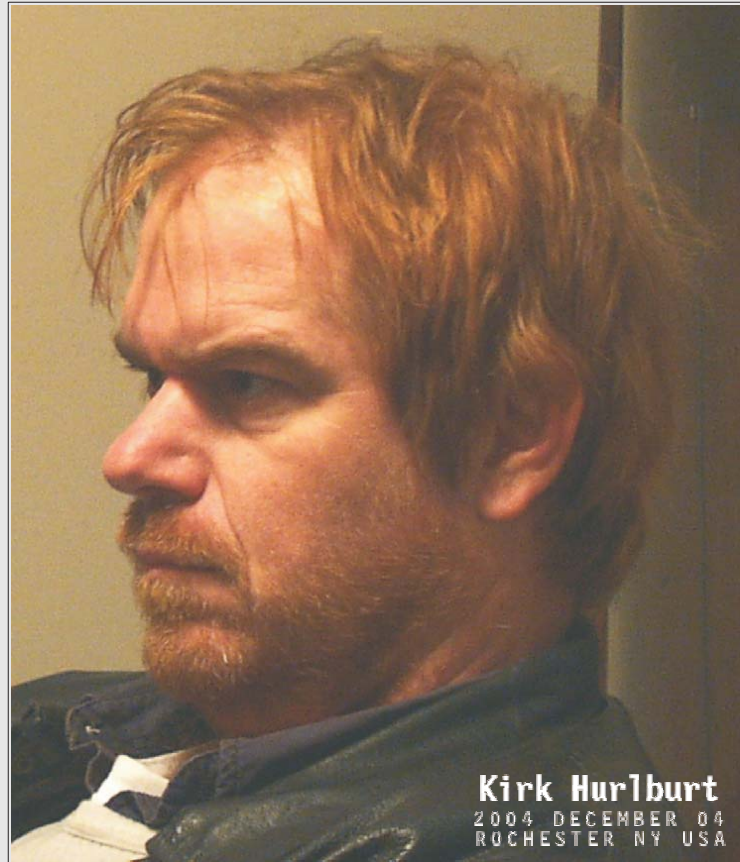

GOD DECIDED to write His name upon me. Why ask "Why?" HIS NAME is my fix.
It's the great and ancient remedy. This is a story of GOD and of "WHY?"

His name is a secret, as any known thing is when people ignore it.

I write these pages for GOD and me. If The World would know that God showed one man all of His self in His name, then let it know it. This 'BOOX' is the collection of writings and information embodiments, to show what I found that rakes the heart of God. Yes, I said "rakes."

On January 1st, 1990, in my thirty-third year, after fifteen years of getting to know God, I was brought to THE OATH. On the first day of the last decade of the thousand years just passed, I wished and asked:

"Oh God, SELF EXISTENT ONE, no matter what I go through,
let YOUR NAME be the only thing in me forever."
